lowing striking scene-the King of France and his nobles being presented Toward midnight, when all were

stances, who they were. But the marriage had been too hasty for this; nobody expected anything of the kind and the King took the hint all the more eagerly. He retired, unobserved by the crowd, with DeGulsay and four other wild ones-scions all of the noblest houses in France. The prolector of mischief had a quantity tow and a pitch-pot in readiness, and I am a river man in Tennessee, and the tight dresses of the group were speedily covered with a very good imtation of the shaggy hide of the bear. Masks for the face were always at hand, and thus the travestie was efected in a very few minutes. Five of the gang were then bound together estry, and the sixth, the king, led them into the hall, where the thing took amazingly. "Who are they?" was chen they come, can but go hand in of Orleans. Hearing of the superior
